When it comes to the Paranormal

"Believing is one thing,

KNOWING is ANOTHER!"

- Chris Fleming

Chris Fleming's passion and experience in the Paranormal is evident as he has led a trail for over 40 years. From growing up in a haunted house and capturing his first EVP in 1976, to publishing his own paranormal magazine called "Unknown Magazine" in the 90's. His greatest contributions to the field has been introducing new technology and spirit communication techniques, such as the infamous K-II meter with *the direct response method* and the co-creation of the Spirit Box P-SB7 with Gary Galka.

It was in 2003 that Chris was hired to co-host Living TV's "Dead Famous" with UK superstar Gail Porter and connect with celebrity spirits. The show was a hit - broadcast on BIO channel in the USA and 22 countries world wide. Chris's charm, knowledge and expertise has landed him on such TV programs as Psychic Kids (A&E), Ghost Hunters (SyFy), Ghost Adventures Live, AfterShocks, Paranormal Challenge (Travel Channel), The Haunted (Animal Planet), The Shocking Truth (Reelz), Larry King Live (CNN) and new upcoming series Help! My House is Haunted (Really).

With life long knowledge of spirit communication, he collaborates with top engineers in the ITC research community such as Gary Galka of DAS (USA) and Bill Chappell of Digital Dowsing (USA). Chris's lifetime goal is to bridge the gap of communication with the afterlife and perfect our awareness, consciousness and technology to do so.

Since 1999, Chris Fleming has been delivering powerful multi-media presentations and hands on workshops that awaken, inspire and enlighten entire crowds. Known for his motivational and energetic speaking, he captivates audiences with incredible first hand encounters, powerful lessons from the spirit world, news on today's current research - while engaging the audience with one-on-one participation and heartwarming personal messages they will never forget.
